

More Ways to Complete the Design.

That's why we've expanded our premium hardware offering with Satin Brass and Brushed Bronze, two new finishes designed to complement today's most popular on-trend bathroom styles while delivering the quality and performance you've come to expect from HMI.

Available now on select:

- ◆ Hinges
- ◆ Clips
- ◆ Clamps
- ◆ Pulls

Every
detail
matters.

Why Choose Satin Brass & Brushed Bronze?

Premium Appearance

Elevate every shower enclosure with finishes that create a refined, designer-inspired look.

Expanded Design Flexibility

Offer homeowners more options to coordinate hardware with today's most popular fixtures and finishes.

Built for Everyday Performance

Engineered with the same durability, craftsmanship, and reliability expected from every HMI hardware product.

Seamless Integration

Available across select hardware components to create a cohesive finished appearance throughout the enclosure.

Warranty

- Lifetime Residential Warranty
- 10-Year Commercial/Hospitality Warranty (*highest in the industry*)

Finish Expectations

Satin Brass and **Brushed Bronze** are part of HMI's premium bronze family of finishes. Due to normal manufacturing variations and differences in finishing processes, slight variations in color, tone, and sheen may occur between hardware components and may not exactly match plumbing fixtures or accessories from other manufacturers. We recommend reviewing physical samples when coordinating finishes.
